

**‘Jesus Christ
Source and Maker of Unity’**

Associates of the

Sisters of Christ

“ Union Mysterium Christi”

In MADAGASCAR

Since we joined the group of Associates of the Sisters of Christ, in the year 2000, the Charism of Unity has helped us to live more fully our life as a couple, as family and as members of the society.

We feel empowered to live more fully the spirit of unity in our place of work - we are teachers in the Providence College in Ambatolampy - and in the Church where we are members of the pastoral council.

In the area in which we live, the neighbours do not hesitate to call for our advice when there are disputes of quarrels.

Thanks to the Charism, we learn to leave room for others, to be more available and to testify to others about what gives meaning to our lives, in the discussions and the various exchanges with collaborators. Since the National Gathering of Associates of the Sisters of Christ, in 2014 at Antsirabe, all associate members have an evaluation (Examen) of the day in their family.
