

MADAGASCAR

☺ *HELLO! HELLO! Juniorate,
young sisters in formation before perpetual profession*

LIVING TOGETHER

we chose as our theme :

"OUR IDENTITY AS SISTERS OF CHRIST"

Being able to forgive

This requires: simplicity, humility, knowing how to take the first step, flexibility.

Being able to tell others:

I congratulate you, excuse me ...

"walk in the way of love, just like Christ ... "

Ephesians 5: 2

Every week we take the time to make an assessment of our life in order to improve our relationships and strengthen our personality. This gives us inner freedom, positive perspectives, humility, acceptance of ourselves.

What else do we do? We relax in Community. Every Wednesday afternoon, for one hour, we play different games: lotto, zumba, card, basketball... to keep healthy and to enjoy the community atmosphere. We also take care of the gardening and of the poultry yard. These activities are part of our relaxation and they help us to develop our creativity.

On December 27, 2018, Congregation Day, our three communities of Soanierana (Tananarivo), we had a festive outing with the Associates, friends of the Congregation. We went to Soavimbahoaka where the Guadeloupe Sisters live.

When we arrived, a Sister warmly welcomed us in a room and explained to us the story of the apparition of Our Lady of Guadeloupe. Then there was a Eucharistic celebration, presided over by Father Gregory, a Trinitarian Father. We were 32, including 17 Sisters and 15 Associates. The meal united us very fraternally and allowed us to get to know each other.

Then we moved to the sanctuary of Blessed Raphael Louis Rafiringa.

At around 3pm we took the road back.

The juniorate community
