

SISTERS OF CHRIST  
UNION MYSTERIUM CHRISTI

**Extended council 2019**  
Paris (France)

*We lived to the rhythm of the entire 'Body'*

### EXTRACT FROM THE WELCOME SPEECH

I am pleased with your presence here so that I can feel the beating heart of the Congregation and to feel with you, how much life is circulating thanks to each one, in "health as in sickness".

We will be searching together how to advance further and deeper into the mission we have been given.

### THE LIFE OF THE ENTITIES

**THE SHARING** on life in the entities with their joys, their difficulties, their dynamism, their desires and projects helped us to know and love our Congregation more.

This experience also helped us to feel that the Congregation is ONE living "BODY", always in movement like a boat in the middle of the ocean.

**Sister Jeanne Marie OUEDRAOGO**, facilitator of the Extended Council. We appreciated particularly her way of facilitating, listening, and reformulating ideas; her facility for pointing out questions that needed to be taken up again. Her experience and professionalism helped us a lot in going forward in the reflection.

We recognised that the Spirit of the Lord was at work in how the work of the groups converged, in the richness of what each one said and shared.

## COMMUNICATION THE WEBSITE :

Sharing our charism and our mission with others ...

*The sisters look at the Website*

In the middle of the days for working, **THE RELAXATION** allowed us to see extraordinary things, a glimpse of the greatness of creation. We were joyful and marvelled at it.

Thanks to the communities of Issy-les-Moulineaux and Paris 27 for having invited us to the Sunday meals. It is always great to meet each other in a sisterly ambience of sharing.
