I come from the English speaking Region of Cameroon and I teach Religion and English in St Paul Nkwen College in Bamenda.

The Academic year was really difficult because of the crisis caused by the socio political opposition between the two Regions in Cameroon.

However, we trust in the Lord and we try to believe that the « troubles » will end. I also visit sick people and I bring them Communion.

I am a postulant in the first year, coming from the French speaking part of Cameroon. . I am learning English and I follow inter-Congregation formation for postulants.

I am happy to be involved in Community activities.... So much to discover !
