

Sister Claire (France) remembers
Claire belonged to the Congregation of the NATIVITY

« One of the memories that touched me most during the federation of the Sisters of Christ, was my arrival in Ablon (France ... the community of the Servants of 'Christ the King of Ablon'). It was my first experience of living in a different Congregation , and I was apprehensive when I arrived especially as Ablon looked like a tiny dot on the map when I looked for it in the Atlas. I said to myself, « at least it is still in the Parisian Region !» When I finally arrived what a surprise ! I received in a remarkably warm welcome, with sensitivity, openness, a strong sense of fraternity. This helped me to become part of the community and the Sisters from Ablon remained my true Sisters.
